No. 2

16 February 2007

Dear Parents

The extra-mural programme is running at full speed. In fact it does concern me that almost too much is happening at the school, however, the Management of the school is committed to a holistic education in which we build our extra-mural programme with the view of encouraging all students to participate. I have learnt in my teaching experience that students who are busy and involved are successful young people and are not the ones likely to end up involved in illegal and unacceptable activities.

February is always a difficult month because we have the overlap between summer and winter sports events and it does make life difficult for parents and students to keep to the full timetable. At six-thirty in the morning there are about 100 students who are involved in some fitness programme for the winter sports. Once March begins the focus will just be on the winter programme. Inter-High swimming will be in the last week of February.

Well done to all the Midmar swimmers! The day proved to be cold, wet and very windy and unfortunately the boys' race was cancelled due to the storm, however, the girls did complete their race under difficult and often dangerous circumstances.

Matric parents are reminded of the parents and career information evening on 19th February from 5 pm. My address, assisted by the Grade Controllers, will take place at 6 pm. This will relate to all matters pertaining to the matric year.

Thank you for your support.

Grade Controllers Award:

enthusiasm, commitment, participation and dedication. She has displayed these qualities through her pursuit of excellence

academically as well as through her involvement in various extra-curricular activities, particularly in the cultural arena. In addition, she has proved her leadership ability by being elected as an RCL representative by her peers. Notwithstanding her diffident disposition and unassuming manner, which have only served to endear her to both her teachers and peers alike, she has shown resilience and determination in striving towards attaining all her goals and always displays integrity, sincerity and maturity in her every word and deed. It is therefore my pleasure to call upon **Laura Schlebusch** to receive this award.
